### Duo Brings Great Food and Fun to FM

Business partners Ruben Santana and Billy Bunch saw a need for a family style sports grill in Flower Mound and jumped at the chance.

The owners of the six-year-old Saltwater Willy's Seafood in front of Grapevine Mills Mall found themselves wanting to relax, watch some sports and eat a great burger or some wings, so they opened Lazy Dogz Grill recently in The Pines of Flower Mound Shopping Center at FM 3040 and Gerault.

"Our friends kept pushing us to do something here a little more casual and we jumped at the chance. Ruben and I each have over 24 years experience," Bunch says. "This is all we know."

While Saltwater Willy's serves the freshest seafood, chicken and certified Angus steaks, Lazy Dogz Grill serves awesome burgers, wings, and giant fresh salads.

"You wouldn't believe how much pot roast and chicken fried steaks we are selling at Lazy Dogz," says Bunch.

Bunch said that things are going very well so far with their new venture.

"Living here and having our kids playing softball, soccer and swimming, we knew we needed a family friendly sports-themed restaurant. We already did a banquet for the Wellington swim team of 250 people and have a group of 225 coming soon for a local football team."

Lazy Dogz has the biggest shaded patio in Flower Mound, seating 150. It is a great venue to watch the family friendly live bands every Thursday, Friday, and Saturday.

Not to be outdone, the indoor dining area will have the NFL ticket playing on 25 large

The Bunch and Santana families invite you to their table.

flat screens every Sunday, making it an awesome place to watch your favorite sports teams, Santana said.

"There isn't a bad seat in the house, and with our soon-to-be-famous Happy Hour all day, everyday, you can't go wrong," said Santana with a grin.

With Santana's culinary foundation, the food is fresh and tasty. All of the sauces, salad dressings and soups are made in-house daily.

"We cut all of our own steaks, fish and deli meats as well as patties for all of our own burgers. Fresh bread is delivered daily from the famous Constantin Bakery in Addison. When you make everything from scratch, you get the best possible product."

Both restaurants are open for lunch and dinner, so if you want to chill Lazy Dogz-style or get some fantastic seafood at Saltwater Willy's, you are covered either way.
